## CHAPTER OVERVIEW

## INTRODUCTION

The Ministry of Law and Justice on 9<sup>th</sup> January 2007 notified the Limited Liability Partnership Act, 2008.

The Parliament passed the Limited Liability Partnership Bill on 12<sup>th</sup> December, 2008 and the President of India has assented the Bill on 7<sup>th</sup> January, 2009 and called as the Limited Liability Partnership Act, 2008.

**The LLP Act, 2008 is applicable to the whole of India.**

This Act have been enacted to make provisions for the formation and regulation of Limited Liability Partnerships and for matters connected there with or incidental thereto.

The LLP Act, 2008 has 81 sections and 4 schedules.

**The First Schedule deals** with mutual rights and duties of partners, as well limited liability partnership and its partners where there is absence of a formal agreement with respect to them.

**The Second Schedule** deals with conversion of a firm into LLP.

**The Third Schedule** deals with conversion of a private company into LLP.

**The Fourth Schedule** deals with conversion of unlisted public company into LLP.

The Ministry of Corporate Affairs and the Registrar of Companies (ROC) are entrusted with the task of administrating the LLP Act, 2008. The Central Government has the authority to frame the Rules with regard to the LLP Act, 2008, and can amend them by notifications in the Official Gazette, from time to time.

It is also to be noted that the Indian Partnership Act, 1932 is not applicable to LLPs.

**The Limited Liability Act, 2008 has been amended through the Limited Liability Partnership (Amendment) Act, 2021 dated 13th August, 2021.**

### Need of new form of Limited Liability Partnership

The lawmakers envisaged the need for bringing out a new legislation for creation of the Limited Liability Partnership to meet with the contemporary growth of the Indian economy. A need has been felt for a new corporate form that would provide an alternative to the traditional partnership with unlimited personal liability on the one hand and the statute-based governance structure of the limited liability company on the other hand. In order to enable professional expertise and entrepreneurial initiative and combine, organize and operate in flexible, innovative and efficient manner, the LLP Act, 2008 was enacted.

Thus, LLP as a form of business organization is an alternative corporate business vehicle. It provides the benefits of limited liability but allows its members the flexibility of organizing their internal structure as a partnership based on a mutually arrived agreement. The LLP form enables entrepreneurs, professionals and enterprises providing services of any kind or engaged in scientific and technical disciplines, to form commercially efficient vehicles suited to their requirements. Owing to flexibility in its structure and operation, the LLP is a suitable vehicle for small enterprises and for investment by venture capital.

## 1. LIMITED LIABILITY PARTNERSHIP- MEANING AND CONCEPT

**Meaning:** A LLP is a new form of legal business entity with limited liability. It is an alternative corporate business vehicle that not only gives the benefits of limited liability at low compliance cost but allows its partners the flexibility of organising their internal structure as a traditional partnership. The LLP is a separate legal entity and, while the LLP itself will be liable for the full extent of its assets, the liability of the partners will be limited.

LLP as a separate legal entity and business organisation is an alternative corporate business form that gives the benefits of limited liability of a company and the flexibility of a partnership.

Since LLP contains elements of both 'a corporate structure' as well as 'a partnership firm structure' LLP is called a hybrid between a company and a partnership.

**Example 1:** If a LLP has been incorporated on 15th October, 2019, then its financial year may be from 15th October, 2019 to 31st March, 2021.

## CHARACTERISTIC OF LLP

Body Corporate	Perpetual Succession	Separate legal entity	Mutual Agency
LLP Agreement	Artificial Legal person	Common Seal	Limited liability
Management of business	Minimum and maximum number of partners	Business for profit only	Investigation
Compromise or Arrangement	Conversion into LLP	E-filing of documents	Foreign LLPs

1. **LLP is a body corporate:** Section 2(1)(d) of the LLP Act, 2008 provides that a LLP is a body corporate formed and incorporated under this Act and is a legal entity separate from that of its partners and shall have perpetual succession. Therefore, any change in the partners of a LLP shall not affect the existence, rights or liabilities of the LLP.

Section 3 of LLP Act provides that a LLP is a body corporate formed and incorporated under this Act and is a legal entity separate from that of its partners.

2. **Perpetual Succession:** The LLP can continue its existence irrespective of changes in partners. Death, insanity, retirement or insolvency of partners has no impact on the existence of LLP. It is capable of entering into contracts and holding property in its own name.
3. **Separate Legal Entity:** The LLP as a separate legal entity, is liable to the full extent of its assets but liability of the partners is limited to their agreed contribution in the LLP. In other words, creditors of LLP shall be the creditors of LLP alone.
4. **Mutual Agency:** No partner is liable on account of the independent or unauthorized actions of other partners, thus individual partners are shielded from joint liability created by another partner's wrongful business decisions or misconduct. In other words, all partners will be the agents of the LLP alone. No one partner can bind the other partner by his acts.
5. **LLP Agreement:** Mutual rights and duties of the partners within a LLP are governed by an agreement between the partners. The LLP Act, 2008 provides flexibility to partner to devise the agreement as per their choice. In the absence of any such agreement, the mutual rights and duties shall be governed by the provisions of the LLP Act, 2008.
6. **Artificial Legal Person:** A LLP is an artificial legal person because it is created by a legal process and is clothed with all rights of an individual. It can do everything which any natural person can do, except of course that, it cannot be sent to jail, cannot take an oath, cannot marry or get divorce nor can it practice a learned profession like CA or Medicine. A LLP is invisible, intangible, immortal (it can be dissolved by law alone) but not fictitious because it really exists.
7. **Common Seal:** A LLP being an artificial person can act through its partners and designated partners. LLP may have a common seal, if it decides to have one [Section 14(c)]. Thus, it is not mandatory for a LLP to have a common seal. It shall remain under the custody of some responsible official and it shall be affixed in the presence of at least 2 designated partners of the LLP.

8. **Limited Liability:** Every partner of a LLP is, for the purpose of the business of LLP, the agent of the LLP, but not of other partners. The liability of the partners will be limited to their agreed contribution in the LLP. Such contribution may be of tangible or intangible nature or both.

**Example 3:** The professionals like Engineering consultants, Legal Advisors and Accounting Professional are afraid of entering into business due to unlimited liability. Hence the LLP partnership Act provides an avenue for these professionals to Limited Liability Partnership firms which restricts their liability to the agreed amount. This has encouraged Professionals to form LLP.

9. **Management of Business:** The partners in the LLP are entitled to manage the business of LLP. But only the designated partners are responsible for legal compliances.
10. **Minimum and Maximum number of Partners:** Every LLP shall have least two partners and shall also have at least 2 individuals as designated partners, of whom at least one shall be resident in India. There is no maximum limit on the partners in LLP.
11. **Business for Profit Only:** The essential requirement for forming LLP is carrying on a lawful business with a view to earn profit. Thus, LLP cannot be formed for charitable or non-economic purpose.
12. **Investigation:** The Central Government shall have powers to investigate the affairs of an LLP by appointment of competence authority for the purpose.
13. **Compromise or Arrangement:** Any compromise or agreements including merger and amalgamation of LLPs shall be in accordance with the provisions of the LLP Act, 2008.
14. **Conversion into LLP:** A firm, private company or an unlisted public company would be allowed to be converted into LLP in accordance with the provisions of LLP Act, 2008.
15. **E-Filing of Documents:** Every form or application of document required to be filed or delivered under the act and rules made thereunder, shall be filed in computer readable electronic form on its website [www.mca.gov.in](http://www.mca.gov.in) and authenticated by a partner or designated partner of LLP by the use of electronic or digital signature.
16. **Foreign LLPs:** Section 2(1)(m) defines foreign limited liability partnership "as a limited liability partnership formed, incorporated, or registered outside India which established as place of business within India". Foreign LLP can become a partner in an Indian LLP.

**Advantages of LLP form-** LLP form is a form of business model which:

is organized and operates on the basis of an agreement

provides flexibility without imposing detailed legal and procedural requirements.

Easy to form

All partners enjoy limited liability

Flexible capital structure

Easy to dissolve

LLP is generally set up for carrying on a partnership consisting of partners carrying on practice in one or more eligible professions, etc.

Since India has witnessed considerable growth in services sector and the quality of our professionals have been acknowledged internationally. It was necessary that entrepreneurship knowledge and risk capital combine to provide a further momentum to our impressive economic growth. It is likely that in the years to come Indian professionals would be providing accountancy, legal and various other professional/technical services to a large number of entities across the globe. Such services would require multidisciplinary combinations that would offer a menu of solutions to international clients. In view of all this, the concept of LLP came into existence. LLP framework could be used for many enterprises, such as:-

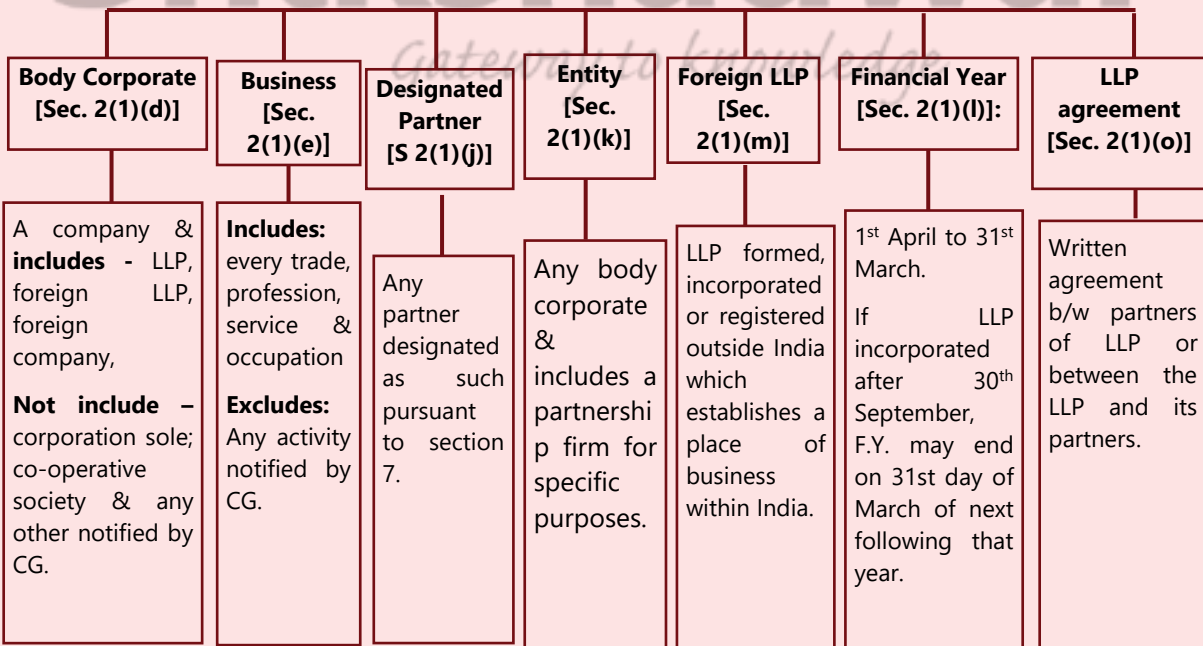

- ◆ Persons providing services of any kind
- ◆ Enterprises in new knowledge and technology based fields where the corporate form is not suited.

- ◆ Professionals and enterprises engaged in any scientific, technical or artistic discipline, for any activity relating to research production, design and provision of services.
- ◆ Small Sector Enterprises

LLP has partners but no directors or shareholders. The major constituents of a LLP are its partners who are the ultimate owners.

The LLP is a separate legal entity and, while the LLP itself will be liable for the full extent of its assets, the liability of the partners will be limited.

**Concept of “limited liability partnership”**

- The LLP can continue its existence irrespective of changes in partners. It is capable of entering into contracts and holding property in its own name.
- The LLP is a separate legal entity, is liable to the full extent of its assets but liability of the partners is limited to their agreed contribution in the LLP.
- Further, no partner is liable on account of the independent or un-authorized actions of other partners, thus individual partners are shielded from joint liability created by another partner’s wrongful business decisions or misconduct.
- Mutual rights and duties of the partners within a LLP are governed by an agreement between the partners or between the partners and the LLP as the case may be. The LLP, however, is not relieved of the liability for its other obligations as a separate entity.
- LLP is an alternative corporate business form that gives the benefits of limited liability of a company and the flexibility of a partnership.

Since LLP contains elements of both ‘a corporate structure’ as well as ‘a partnership firm structure’ LLP is called a hybrid between a company and a partnership.
